Village of Elwood

• **Established 1889** •

Proud of our past, Building our future.

401 E. Mississippi Ave., P.O. Box 435, Elwood, IL 60421 • (815) 423-5011 • Fax: (815) 423-6861

November 11, 2011

To the Citizens of the Village of Elwood:

We submit to you the Comprehensive Annual Financial Report of the Village of Elwood for the fiscal year ended April 30, 2011. The responsibility for the accuracy of the data and the completeness and fairness of the presentation, including disclosures, rests with the Village of Elwood, Administrative Department. To the best of our knowledge, the enclosed data is accurate in all material respects and gives an accurate representation of the financial position and results of operations of the various funds and account groups of the Village. All disclosures necessary to enable the reader to understand funds and account groups of the Village are included. All disclosures necessary to enable the reader to gain the maximum understanding of the Village's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and is meant to be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors.

The Village provides a full range of services. These services include:

- Administration
- Legal
- Community development
- Police protection
- Construction and maintenance of roads, streets and infrastructure
- Water distribution
- Wastewater treatment

ECONOMIC CONDITION AND OUTLOOK

The Village is located in the western portion of Will County, which is ranked as one of the top growth areas in the nation. It is located approximately thirty-five miles southwest of Chicago. Housing construction in the past (5) five-year has seen some positive changes in the Village's economic future. In addition, the second largest inter-modal/ industrial park in the nation is located in a tax increment financing district within the Village's western border.

The estimated actual value of property in the Village has decreased by .09% in 2010. Given the massive reduction in EAV seen across the nation the Village has fared well through the real estate crisis. Current projections again anticipate a growth rate in 2011 of approximately 1.00% based on preliminary assessment information and construction in the intermodal/ industrial park outside the Tax Increment Financing District. When comparing this rate to the prior ten years, which averaged 20.56% from 2000 through 2010, it appears that the majority of the property in the Village is still to be developed, although the intermodal is almost 70% developed; future development will occur on a planned basis.

In FYE 2011, utility tax revenue increased by \$ 61,673 or 17.54%. This compares to a \$94,380 increase or 20.5% during the previous fiscal year, due to additional buildings in the intermodal. Utility tax provided approximately 24.61% of the total General Fund operating revenue in FYE 2011 as compared with 21.95% in FYE 2011. In addition the Village has seen a \$70,495 or 24.19% increase in sales tax due to internet sales conducted at the intermodal facility.

OTHER ECONOMIC CONDITIONS EXPECTED

Housing developments as throughout the nation have stalled, however the Village has a strip shopping center under construction along with a full service fueling station already approved. In addition warehouses continue to be developed both in and outside the intermodal facility.

Currently, unemployment in Will County (10.3%) remains higher than the state (9.9%), and the nation (9.1%) as of May 2011. However, the Village with a population of 2,239 has an additional 3,800 employees enter the intermodal on a daily basis to service the nearly 17,000 vehicles that do business in the facility. Within the Village employment has increased substantially with the additional internet sales facilities.

MAJOR INITIATIVES

The Village has accomplished many major initiatives during FYE 2011. Some of the accomplishments that the elected officials and staff are most proud of are described in the following. Conducting over \$2,000,000 in construction projects for the second straight year with no cost to the residents; reducing staff without reducing services to residents, decreasing outstanding debt in the Water Sewer Fund by 44.83%, gaining control of 100% of the plant capacity, reducing operating expenses at the plant; finalizing the annexation of the nine hundred and eighty acre Abraham Lincoln National Cemetery (*second largest in the nation*); after completing the annexation of three thousand five hundred acre United States Army 88th Command Reserve facility in the previous year.

DEPARTMENT FOCUS

A major focus was to bring professional management into both the Police and Public Works departments. The Villages sworn staff of eleven officers includes a Police Chief with over forty-two years experience and a Commander with over thirty-three years experience in all facets of public safety operations. The change has shown an increase in activity, reduction in accident claims, highly trained force, and moving toward a certification program. All policies and procedures have been written and documented and all necessary training has been conducted along with an increase in necessary equipment.

In addition, the Village hired a certified Civil Engineer to manage the Public Works department. This includes managing the operation of the Villages water and wastewater treatment facilities, conducting all plan reviews, and conducting all on site construction inspections.

FINANCIAL INFORMATION

Management of the Village is responsible for establishing and maintaining an internal control structure. This structure is designed to ensure that the assets of the Village are protected from loss, theft or misuse. It is also designed to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles.

The Village's accounting records for governmental and agency funds are maintained on a modified accrual basis, which means revenues are recorded when they become measurable and available and expenditures are recorded when the fund liability is incurred. Accounting records for the Village's enterprise are maintained on a full accrual basis.

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

BUDGETING CONTROLS In addition the Village maintains budgetary controls. The objective of the budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the Village Board. Activities of the General Fund, Special Revenue Funds, Debt Service Funds, certain Capital Projects Funds, Enterprise Funds and Tax Increment Financing Funds are included in the annual operational budget. Project length financial plans are prepared for the Capital Projects Funds and are published in a separate document. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the budgeted amount) is established at the individual fund level.

As demonstrated by the statements and schedules included in the financial section of this report, the Village continues to meet its responsibility for sound financial management.

GENERAL FUND BALANCE The fund balance in the General Fund increased in FYE 2011 by \$79,974 or 11.46%. The fund balance is still well beyond the target of 25% of expenses showing increasing financial stability.

ENTERPRISE OPERATIONS The Village's enterprise operations are comprised of two separate and distinct activities: the Waterworks and Sewerage Fund and the Garbage Fund. For FYE 2011, the fund showed a 38.36% increase in assets due to a refinancing, while keeping expenses under FYE 2010 expenses and increasing operating revenues.

DEBT ADMINISTRATION The Village has two (2) general obligation bonds outstanding in FY 2011. The Village held its (Stable) A bond rating from Standard and Poor's. Being a home-rule community the Village does not have a limit on bonding authority. In addition the Village decreased its indebtedness from a \$14,500,000 State of Illinois Department of Commerce and Economic Opportunity loan plus \$8,000,000 in additional expenses for a total of \$22,500,000 down to \$8,000,000 by negotiating a discount, securing upfront intermodal permits, and additional developer payments. The Village issued a 20 year Alternate Revenue Bond for \$3,500,000, and a developer financed \$4,500,000 negotiated bond payable in ten years. This essentially reduces the Village's Water and Sewer long term obligations by \$14,000,000.

CASH MANAGEMENT Cash temporarily idle during the year was invested in investment pools. The Village's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, deposits are insured by federal depository insurance. However, policy requires all investments to be collateralized. The Village's investment management is in transition with a number of changes expected in coming years and a comprehensive review of the Village's investment policy anticipated.

RISK MANAGEMENT The Village buys liability and workers compensation insurance through a private broker and saw a substantial increase due to previous high claims. However, recent management and loss control measures have reduced claims to zero and will be reflected in next year's premiums.

INDEPENDENT AUDIT

State statute requires an annual audit by independent certified public accountants. The Village selected the accounting firm of Lauterbech & Amen. The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report.

AWARDS

The Government Finance Officers Association (GFOA) awards a Certificate of Achievement for Excellence in Financial Reporting to governmental entities for their Comprehensive Annual Financial Report (CAFR) for each fiscal year. The Village of Elwood received the prestigious award in FY 2010. In order to be awarded a Certificate of Achievement, the Village must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. The Village received this award for the past six years.

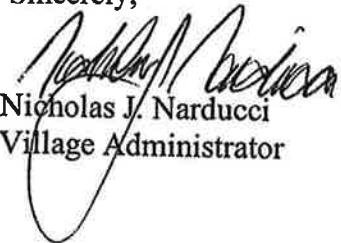

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report meets the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for a certificate.

ACKNOWLEDGEMENTS

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire administrative staff. Each member has our sincere appreciation for the contributions made in preparation of this report. Particular recognition should be given to Robbie Day, Accountant/ Bookkeeper, and Pat Buchenau, Village Clerk for their hard work and dedication in completing this report.

In addition, the Village wishes to recognize the staff of the firm of Lauterbech & Amen, LLP whose professionalism and cooperation is sincerely appreciated. In closing, we would like to thank the members of the Board of Trustees for their interest and support in planning and conducting the financial operations of the Village in a responsible and progressive manner. Without their leadership and ongoing support, preparation of this report would not have been possible.

Sincerely,

Nicholas J. Narducci
Village Administrator

Certificate of Achievement for Excellence in Financial Reporting

Presented to

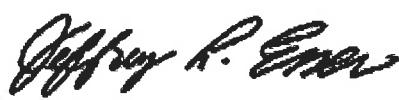

Village of Elwood
Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
April 30, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Village's independent auditing firm.

INDEPENDENT AUDITORS' REPORT

June 20, 2011

The Honorable Village President
Members of the Board of Trustees
Village of Elwood, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information for the Village of Elwood, Illinois as of and for the year ended April 30, 2011, which collectively comprise the Village's basic financial statements as listed in the accompanying table of contents. These financial statements are the responsibility of the Village of Elwood, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Elwood, Illinois as of April 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purposes of forming opinions on the financial statements that collectively comprise the Village of Elwood, Illinois' financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis

April 30, 2011

Our discussion and analysis of the Village of Elwood's financial performance provides an overview of the Village's financial activities for the fiscal year ended April 30, 2011. Please read it in conjunction with the transmittal letter that begins on page iv and the Village's financial statements, which begin on page 3. This is the seventh year that the Village is applying GASB Statement No. 34. Therefore, comparative data for the prior year is presented.

FINANCIAL HIGHLIGHTS

- **Excluding all TIF related activity**, the Village reported an **increase in net assets of \$1,980,257** for the governmental activities.
 - Total assets increased \$2,627,666. **The Village's cash and investment position increased \$233,478** and also reported an increase to the Village's capital assets of \$566,581.
 - Total liabilities increased \$647,409 due primarily to an increase in accounts payable at year end for capital projects in process.
 - The increase in liabilities was more than offset by the \$2,627,666 increase in assets, resulting in the overall \$1,980,257 increase to net assets for the governmental activities.
- **Net assets for the business-type activities increased \$2,591,197** as a result of an extensive debt restructuring completed during the year.
- **The General Fund reported an ending fund balance of \$696,295, which reflects a \$79,974, or 13 percent increase for the year.**

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (on pages 3 - 6) provide information about the activities of the Village of Elwood as a whole and present a longer-term view of the Village's finances. Fund financial statements begin on page 7. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village of Elwood's operation in more detail than the government-wide statements by providing information about the Village's most significant funds. The remaining statements provide financial information about activities for which the Village acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Village of Elwood's finances, in a manner similar to a private-sector business. The government wide financial statements can be found on pages 3 - 6 of this report.

The Statement of Net Assets reports information on all of the Village's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. Consideration of other non-financial factors, such as changes in the Village's property tax base and the condition of the Village's roads, is needed to assess the overall health of the Village of Elwood.

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis

April 30, 2011

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements – Continued

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, public safety, public works, and parks and recreation. The business-type activities of the Village include water, sewer, and garbage operations.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village of Elwood, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village of Elwood maintains nine individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Deer Run TIF Fund, Phase I Improvements Fund, Brandon/Noel Road Improvements Fund, and the Capital Construction Bond Fund, all of which are considered major funds.

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis

April 30, 2011

USING THIS ANNUAL REPORT - Continued

Fund Financial Statements - Continued

Governmental Funds – Continued

Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Village of Elwood adopts an annual appropriated budget for all of the governmental funds, except the Deer Run Tax Increment Financing Fund. A budgetary comparison statement for these funds has been provided to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 7 - 12 of this report.

Proprietary Funds

The Village maintains one type of proprietary fund, an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village utilizes enterprise funds to account for its water and sewer, and garbage operations.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Fund and the Garbage Fund. The Water and Sewer Fund is considered to be a major proprietary fund of the Village, while the Garbage Fund is considered to be a non-major fund. The basic proprietary fund financial statements can be found on pages 13 - 16 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 17 - 45 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's I.M.R.F. employee pension obligation and other postemployment benefit obligation. Required supplementary information can be found on pages 46 – 48 of this report. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on the pension. Combining and individual fund statements and schedules can be found on pages 49 - 72 of this report.

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Government-Wide Activities Excluding TIF Activity

The repayment of the TIF related long-term liabilities are secured solely by the incremental taxes received within the Tax Increment Financing District of the Village. As such, it is important to remove the TIF related activity from the Village's entity-wide statements to reflect true Village operations. The following table provides the breakdown of net assets for the Village excluding all TIF related activities:

Net Assets - Excluding TIF Related Activity						
	Governmental Activities		Business-type Activities		Total	
	2011	2010	2011	2010	2011	2010
Current and Other Assets	\$ 9,755,139	7,694,054	(997,233)	637,923	8,757,906	8,331,977
Capital Assets	30,178,607	29,612,026	20,906,937	21,455,001	51,085,544	51,067,027
Total Assets	39,933,746	37,306,080	19,909,704	22,092,924	59,843,450	59,399,004
Long-Term Debt Outstanding	14,927,253	14,642,036	10,300,791	14,341,511	25,228,044	28,983,547
Other Liabilities	861,532	499,340	262,127	995,824	1,123,659	1,495,164
Total Liabilities	15,788,785	15,141,376	10,562,918	15,337,335	26,351,703	30,478,711
Net Assets						
Invested in Capital Assets,						
Net of Debt	17,197,130	16,667,446	12,646,565	7,135,001	29,843,695	23,802,447
Restricted	186,235	284,408	-	-	186,235	284,408
Unrestricted (Deficit)	6,761,596	5,212,850	(3,299,779)	(379,412)	3,461,817	4,833,438
Total Net Assets	24,144,961	22,164,704	9,346,786	6,755,589	33,491,747	28,920,293

By far the largest portion of the Village of Elwood's net assets reflects its investment in capital assets of \$29.8 million (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Village of Elwood uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village of Elwood's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. **The Village's investment in capital assets net of related debt increased \$6,041,248** as a result of the restructuring of debt for the business-type activities that resulted in an overall reduction in outstanding debt that in turn increased the Village's investment in capital assets, net of related debt. For the business-type activities the Village was able to "retire" \$14,320,000 in old loans and replace it with the issuance of only \$8,290,000 in general obligation bonds, thereby **reducing the overall total debt burden for the business-type activities by \$6,030,000.**

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Government-Wide Activities Excluding TIF Activity – Continued

An additional portion or \$0.2 million of the Village of Elwood's net assets represents resources that are subject to external restrictions on how they may be used, including restrictions for the use of motor fuel tax allotments and special service area taxes.

The following table provides the breakdown of net assets for the Village excluding all TIF related activities:

Changes in Net Assets - Excluding TIF Related Activity

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis April 30, 2011

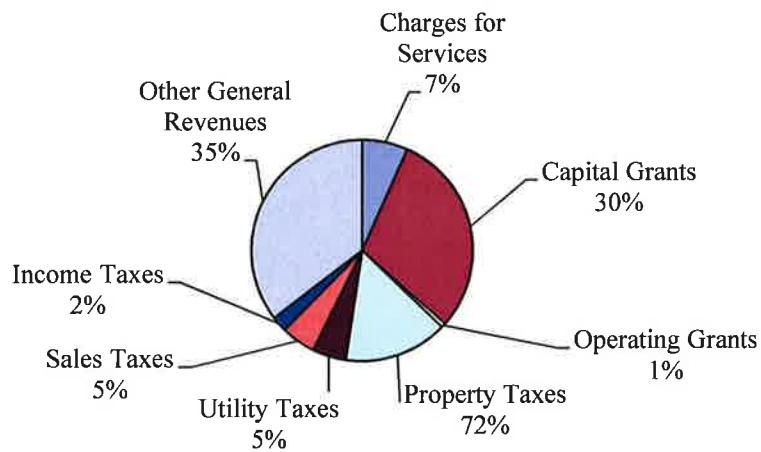

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Government-Wide Activities Excluding TIF Activity – Continued

In removing all TIF related activity from the entity-wide statements, including capital assets, long-term debt, TIF incremental property taxes, etc. the Village is able to analyze true operational net assets and changes in net assets. **Excluding the TIF activity, the Village reported an increase to governmental activities net assets of \$1,980,257**, primarily as the result of the increase in fund balance in the Capital Construction Bond Fund of \$1,799,979 from one time grants and reimbursements that will be used to fund future capital improvements. Furthermore, as reflected on the prior page, **the Village was able to report positive balances for all categories of net assets for the governmental activities for the years ended April 30, 2011 and April 30, 2010**.

Revenues for governmental activities were \$11.3 million for the year, with the largest portion of revenue coming from capital grants and contributions (\$2.1 million). **Revenues for the year increased \$6,105,244, which includes an increase of \$2,821,122 for the governmental activities and \$3,284,122 for the business-type activities.** Revenues for the governmental activities increased as a result of increased charges for services primarily in the General Fund, a slight increase in property taxes and income taxes, and capital grants of \$2,148,100 received to fund future capital improvements within the Village. As previously stated, the increase in revenues in the business-type activities reflects the debt restructuring that took place during the year. **Total expenses for the year were \$6.7 million, reflecting only a 3 percent increase over the prior year.** The Village Board and management worked diligently during the year to maintain costs in light of the still slumping economy. **With the management of expenses and the increases in revenues, the Village was able to report a \$4,571,454 increase to total net assets for the year.** This is in comparison to a decrease of \$1,311,326 in the prior year. The following chart shows the diversification of the Village's revenue sources for the year ended April 30, 2011:

Revenues by Source - Governmental Activities at April 30, 2011

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Government-Wide Activities Including TIF Activity

Net assets may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village of Elwood, liabilities exceeded assets by \$33.6 million due in large part to the current year accretion expense of \$15,562,494 on the capital appreciation bonds. The following table represents the activity of the Village including all TIF related activity:

	Net Assets					
	Governmental Activities		Business-type Activities		Total	
	2011	2010	2011	2010	2011	2010
Current and Other Assets	\$ 20,480,299	17,672,105	(997,233)	637,923	19,483,066	18,310,028
Capital Assets	129,117,245	130,799,270	20,906,937	21,455,001	150,024,182	152,254,271
Total Assets	<u>149,597,544</u>	<u>148,471,375</u>	<u>19,909,704</u>	<u>22,092,924</u>	<u>169,507,248</u>	<u>170,564,299</u>

Invested in Capital Assets,						
Net of Debt	55,923,197	45,118,195	12,646,565	7,135,001	68,569,762	52,253,196
Restricted	186,235	284,408	-	-	186,235	284,408
Unrestricted (Deficit)	<u>(104,473,877)</u>	<u>(85,744,242)</u>	<u>(3,299,779)</u>	<u>(379,412)</u>	<u>(107,773,656)</u>	<u>(86,123,654)</u>
Total Net Assets	<u>(48,364,445)</u>	<u>(40,341,639)</u>	<u>9,346,786</u>	<u>6,755,589</u>	<u>(39,017,659)</u>	<u>(33,586,050)</u>

By far the largest portion of the Village of Elwood's net assets reflects its investment in capital assets of \$68.6 million (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Village of Elwood uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village of Elwood's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The Village's investment in capital assets net of related debt increased \$16,316,566 as a result of debt retirements of \$26,843,924 on long-term debt, offset by \$8,290,000 in new debt, minimal additions to capital assets and depreciation expense of \$4,062,046. Unrestricted net assets decreased \$21,650,002 due to \$15,903,818 in accretion expense on the TIF related debt as well as additions to the liabilities for installment contracts, compensated absences, and net other postemployment benefits.

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Government-Wide Activities Including TIF Activity – Continued

An additional portion or \$0.2 million of the Village of Elwood's net assets represents resources that are subject to external restrictions on how they may be used, including restrictions for the use of motor fuel tax allotments and special service area taxes. The following table represents the activity of the Village including all TIF related activity:

Interest on Long-Term Debt	16,205,986	15,857,579	-	-	16,205,986	15,857,579
Water and Sewer	-	-	1,369,765	1,631,487	1,369,765	1,631,487
Garbage	-	-	157,912	148,973	157,912	148,973
Total Expenses	23,088,336	22,302,950	1,527,677	1,780,460	24,616,013	24,083,410
Change in Net Assets	(8,022,806)	(10,282,229)	2,591,197	(945,708)	(5,431,609)	(11,227,937)
Net Assets-Beginning	(40,341,639)	(30,059,410)	6,755,589	7,701,297	(33,586,050)	(22,358,113)
Net Assets-Ending	(48,364,445)	(40,341,639)	9,346,786	6,755,589	(39,017,659)	(33,586,050)

Net assets of the Village of Elwood's governmental activities decreased by \$8,022,806 (negative \$48.4 million compared to negative \$40.3 million). This deficit arose primarily due to the current year accretion on the Capital Appreciation Bonds outstanding amounting to \$15,903,818 and depreciation expense of \$3,513,982, which was offset by long-term debt retirements of \$12,601,421.

Net assets of business-type activities increased by \$2.6 million (\$9.3 million compared to \$6.8 million) due to a debt restructuring undertaken by the Village. The Village of Elwood generally can only use these net assets to finance the continuing operations of the utility operations.

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Government-Wide Activities Including TIF Activity – Continued

Governmental Activities

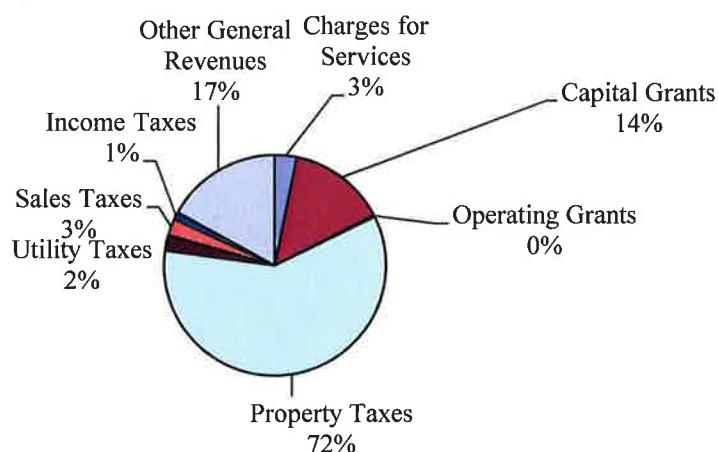

Revenues for governmental activities were \$15.1 million for the year, with the largest portion of revenue coming from property taxes (\$9.0 million), 87.8% of which is collected for retirement of the TIF bonds. Total expenses for the year were \$23.1 million with the largest portion coming from the interest expense on long-term (TIF) debt (\$16.2 million).

Revenues for the governmental activities increased \$3,044,809, or 25.3%. Major highlights of the changes in revenues include:

- Charges for services totaled \$481,034 at April 30, 2011, an increase of \$45,237.
- Capital grants/contributions increased \$2,098,100 due to reimbursements received from IDOT for Mississippi and Chicago Streets.
- Property taxes increased \$298,272, or 3.5%, due primarily to increased incremental taxes in the TIF District.

Expenses for the governmental activities increased from the prior year. Total expenses in FY2010 were \$22,302,950, while expenses for FY2011 were \$23,088,336, reflecting a \$785,386 increase. General government expenses increased \$466,699 due to roadway maintenance costs in the Capital Construction Bond Fund.

Revenues by Source - Governmental Activities at April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Government-Wide Activities Including TIF Activity – Continued

Governmental Activities – Continued

The 'Revenues by Source' Tables graphically depict the major revenue sources of the Village of Elwood for 2011 and 2010. It depicts very clearly the reliance of property taxes "87.8% from the TIF district" to fund governmental activities. It also clearly identifies the minor percentage the Village receives from sales taxes (3%). Under the Board's leadership and the cooperation of the industrial park, there continues to be an effort to develop and expand the TIF District and develop capital infrastructure improvements to assist in that effort. It is then anticipated that the Village will see significant increases in sales tax revenues.

Government-Wide Activities Including TIF Activity – Continued

Business-Type Activities – Continued

The above graphs compare program revenues to expenses for water and sewer operations, and garbage operations. From the tables it can be noted that the Garbage function is charging the appropriate service charge to cover the garbage expenses.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village of Elwood uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of a deficit of \$492,195, which is \$3,024,905 less than the prior year governmental fund balances of \$2,532,710. **Excluding the Deer Run TIF Fund, the governmental funds would have reported a \$1,794,186 increase to fund balances. Included in this year's total change in fund balance, however, is a surplus of \$1,799,979 in the Capital Construction Bond Fund, which is offset by a deficit of \$1,819,091 in the Deer Run TIF Fund due to TIF debt retirements exceeding the incremental property taxes collected during the year. The General Fund reported a surplus of \$79,974, with a surplus of \$34,099 prior to a debt issuance of \$45,875.** As previously stated, **the slight increase in revenues for the year coupled with cost controlling measures contributed to the overall increase of \$79,974 in fund balance.**

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis

April 30, 2011

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

Governmental Funds – Continued

The Brandon/Noel Road Improvements Fund reported no expenditures in the current year and increased fund balance \$51,137 as a result of the \$50,000 collected for the annexation of the McDowell Energy Center property and \$1,137 in interest earnings. Revenues of \$4,234,471 in the Capital Construction Bond Fund, including IDOT reimbursements of \$1,698,100, exceeded expenditures of \$2,434,492 by \$1,799,979.

In addition, these other changes in fund balances should be noted:

- The Village spent \$15,893 for Phase I Improvements. These reductions were expected because balances at the beginning of this year included the proceeds of previous distributions from the industrial park developer. Although these and other capital expenditures reduce available fund balances, they create new assets as reported in the Statement of Net Assets and as discussed in Note 3 to the financial statements.
- Motor fuel tax funds, provided by the State, can only be used to replace, maintain, or improve the Village's roads. This year \$20,628 was added to fund balance of \$116,342, resulting in ending fund balance of \$136,970 to be used for future projects in the Motor Fuel Tax Fund.

Proprietary Funds

The Village of Elwood's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Village reports the Water and Sewer Fund as a major proprietary fund. This fund accounts for all of the operations of the municipal water and sewer system. Water is sold to all municipal customers at a flat rate of \$33.73 for first 2,000 gallons and \$5.96 per thousand gallons thereafter. The spread between purchase and sale rates is intended to finance the operations of the waterworks and sewerage system, including labor costs, supplies, and infrastructure maintenance.

The Village intends to run the fund at a breakeven rate, with a contribution from the developer of the industrial park. For the FY2011 the Water and Sewer Fund reported a surplus of \$2,592,958 as a result of debt restructuring during the year.

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis April 30, 2011

GENERAL FUND BUDGETARY HIGHLIGHTS

There were no amendments made to the General Fund budget during the year. **The General Fund expenditures were \$85,609 below the budgeted amount of \$1,725,176**, due primarily to the public safety function which was \$182,082 under budget. Specifically, salaries and related expenditures were under budget as a result of an unfilled police officer position.

The General Fund revenues were \$67,568 under the budgeted amount of \$1,741,386, due primarily to less than anticipated fines and forfeitures.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Village of Elwood's investment in capital assets for its governmental and business-type activities as of April 30, 2011 was \$150.0 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, land improvements, vehicles, machinery and equipment, park facilities, roads, sidewalks, and bridges. The total decrease in the Village's investment in capital assets for the current fiscal year was \$2,230,089, which was the result of \$1,831,957 in additions to capital assets offset by \$4,062,046 reported for depreciation expense.

	Capital Assets - Net of Accumulated Depreciation					
	Governmental Activities		Business-type Activities		Total	
	2011	2010	2011	2010	2011	2010
Land	\$ 3,458,233	3,458,233	1,909,500	1,909,500	5,367,733	5,367,733
Buildings and Improvements	5,486,754	5,668,944	9,730,532	10,050,229	15,217,286	15,719,173
Machinery & Equipment	418,688	377,484	52,084	64,590	470,772	442,074
Infrastructure	119,753,570	121,294,609	9,214,821	9,430,682	128,968,391	130,725,291

This year's major additions included:

Vehicles	\$ 133,857
Infrastructure	1,698,100
	<u>1,831,957</u>

Additional information on the Village's capital assets can be found in note 3 on pages 28 - 29 of this report.

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis April 30, 2011

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Debt Administration

At year-end, the Village had total outstanding bonded debt of \$185.2 million as compared to \$187.8 million the previous year, resulting in a \$2.6 million decrease from the prior year. The following is a comparative statement of outstanding debt:

	Long-Term Debt Outstanding					
	Governmental Activities		Business-type Activities		Total	
	2011	2010	2011	2010	2011	2010
Village Supported Debt

Loans Payable	-	-	-	14,320,000	-	14,320,000
Total Village Supported Debt	15,034,936	14,553,511	8,290,000	14,320,000	23,324,936	28,873,511
TIF Supported Debt						
TIF Notes Payable	60,212,571	72,736,495	-	-	60,212,571	72,736,495
Accretion - TIF Notes Payable	101,650,061	86,190,771	-	-	101,650,061	86,190,771
Total TIF Supported Debt	161,862,632	158,927,266	-	-	161,862,632	158,927,266
Total	176,897,568	173,480,777	8,290,000	14,320,000	185,187,568	187,800,777

The Village of Elwood had previously been rated by Standard & Poor's at BBB+ for general obligation debt, but this rating was upgraded to single A during the previous fiscal year. As a home-rule unit, no legal limit exists on the amount of debt that can be outstanding.

Additional information on the Village's long-term debt can be found in Note 3 on pages 30 - 36 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Village's elected and appointed officials considered many factors when setting the fiscal-year 2011 appropriation, tax rates, and fees that will be charged for its governmental and business-type activities. One of those factors is the economy. Unemployment rates remain high and it is likely that revenues will remain stagnant into the coming year.

These indicators were taken into account when adopting the General Fund budget for 2012. Amounts available for appropriation in the General Fund budget are \$1,725,176, a decrease of 6.8% over the final 2011 budget of \$1,850,432, basically due to reductions in spending.

VILLAGE OF ELWOOD, ILLINOIS

Management's Discussion and Analysis
April 30, 2011

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village of Elwood's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Finance Office, Village of Elwood, P.O. Box 435, Elwood, Illinois, 60421.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements
 - Governmental Funds
 - Proprietary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF ELWOOD, ILLINOIS

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended April 30, 2011

Net Change in Fund Balances - Total Governmental Funds	\$ (3,024,905)
--	----------------

Amounts reported for governmental Activities in the Statement of Net Assets are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital Outlays	1,831,957
Depreciation Expense	(3,513,982)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal on long-term debt consumes the current financial resources of the governmental funds.

Additions to Accretion - General Obligation Capital Appreciation Bonds	(444,528)
Additions to Accretion - TIF Notes Payable	(15,459,290)
Issuance of Installment Contracts	(114,394)
Retirement of Debt	12,601,421
Deductions to Compensated Absences Payable	106,162
Additions to Net Other Postemployment Benefit Obligation Payable	(1,373)

Changes to accrued interest on long-term debt in the Statement of Activities does not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Elwood, Illinois, is a municipal corporation governed by an elected president and six-member Board of Trustees. The Village's major operations include highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, water, sewer and garbage services and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB Pronouncements. Although the Village has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Village has chosen not to do so. The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:	Village of Elwood
----------------------------	--------------------------

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units – an Amendment of GASB Statement No. 14," and includes all component units that have a significant operational or financial relationship with the Village. Based upon the criteria set forth in the GASB Statement No. 39, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Village's highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village's water, sewer and garbage services are classified as business-type activities.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements **April 30, 2011**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Statements – Continued

In the government-wide Statement of Net Assets, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Village's net assets are reported in three parts: invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, public works, etc.) The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.).

The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property tax, sales tax, intergovernmental revenues, interest income, etc.).

The Village does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net assets resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds.

The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. The Village maintains one major debt service fund, the Deer Run TIF Fund, which accounts for revenues received from incremental property taxes and expenditures for debt service payments related to tax increment financing bonds.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains three major capital projects funds, the Phase I Improvements Fund, Brandon/Noel Road Improvements Fund, and Capital Construction Bond Fund. The CenterPoint Phase I Fund accounts for revenues received from development fees and expenditures for capital construction projects, including road construction and a new village hall facility. The Road Improvements Fund accounts for revenues and expenditures relative to the construction of road improvements. The Capital Construction Bond Fund accounts for revenues received from general obligation bond proceeds and expenditures for road improvements and reconstruction.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the Village:

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one major enterprise fund, the Water and Sewer Fund, which accounts for revenues and expenses relative to the operation of the water and sewer utilities.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement Focus

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements **April 30, 2011**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus – Continued

On the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.

Basis of Accounting

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Assets are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows", cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements **April 30, 2011**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Prepays

Prepays are valued at cost, which approximates market. The cost of governmental fund-type prepays are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepays in both the government-wide and fund financial statements.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report utility charges as their major receivables.

Capital Assets

Capital assets purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements	10 – 40 Years
Machinery and Equipment	3 – 10 Years
Infrastructure	25 – 50 Years

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Unearned/Deferred Revenue

Governmental funds report unearned/deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Fund Equity

In the government-wide financial statements, equity is classified as net assets and displayed in three components:

Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets—Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with generally accepted accounting principles. Prior to April 30, the Village Clerk submits to the Village Board a proposed operating budget for the fiscal year commencing May 1. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted to obtain taxpayer comments. Prior to July 31, the budget is legally enacted through passage of an ordinance.

The Village Clerk is authorized to transfer budgeted amounts between departments within any fund; however, the Village Board must approve revisions that alter the total expenditures of any fund. Formal budgetary integration is employed at a management control device during the year for the General Fund. Budgeted amounts are as originally adopted by the Board of Trustees. Expenditures may not legally exceed budgeted appropriations at the fund level. During the year there were no supplementary appropriations.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements

April 30, 2011

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY – Continued

EXCESS OF ACTUAL EXPENDITURES/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures/expenses, exclusive of depreciation, over budget for the fiscal year.

Fund	Excess
Deer Run Tax Increment Financing	\$ 12,682,282
Special Service Area	86,699

The excess expenditures in the Deer Run Tax Increment Financing Fund were funded in part by greater than anticipated revenues, available fund balance and future anticipated revenues.

DEFICIT FUND EQUITY

The following funds had a deficit fund equity balance for the fiscal year:

Fund	Deficit
Deer Run Tax Increment Financing	\$ 9,585,412

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments". In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments – Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Funds.

Illinois Funds is an investment pool managed by the Illinois public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements **April 30, 2011**

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits and Investments. At year-end, the carrying amount of the Village's deposits for governmental and business-type activities totaled \$10,049,068 and the bank balances totaled \$8,970,280. Also at year-end, the Village has \$9,732 invested in the Illinois Funds.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village's investment policy limits interest rate risk by attempting to obtain the highest interest rate available while ensuring the maximum safety of principal and maintaining a portfolio that is sufficiently liquid to meet all operating costs which may be reasonably anticipated.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Village does not have a formal written policy with regards to credit risk. At year-end, the Village's investment in the Illinois Funds is rated AAA by Standard and Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy states that at all times funds on deposit (checking accounts, certificates of deposit, etc.) in excess of FDIC limits must be secured by some form of collateral, witnessed by a written agreement and held at an independent, third party institution in the name of the municipality. At April 30, 2011, the entire amount of the bank balance of deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that, in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral. The Village does not have a formal written policy with regards to custodial credit risk for investments. At April 30, 2011, the Village's investment in the Illinois Funds is noncategorizable.

Concentration of Credit Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village does not have a formal written policy with regards to concentration credit risk for investments. At April 30, 2011, the Village has no investments over 5 percent of the total cash and investment portfolio.

PROPERTY TAXES

Property taxes for 2010 attach as an enforceable lien on January 1, 2010, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Will County and are payable in two installments, on or about June 1, 2011 and September 1, 2011. The County collects such taxes and remits them periodically.

LONG-TERM DEBT – Continued

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Governmental Activities					
Compensated Absences	\$ 142,895	106,162	212,324	36,733	7,347
Net Other Post-Employment Benefit Obligation Payable	1,306	1,373	-	2,679	-
Installment Contracts	41,028	114,394	77,497	77,925	24,748
General Obligation Bonds	6,715,000	-	-	6,715,000	115,000
General Obligation Capital Appreciation Bonds	6,188,552	-	-	6,188,552	-
Accretion - General Obligation Capital Appreciation Bonds	1,608,931	444,528	-	2,053,459	-
TIF Notes Payable	72,736,495	-	12,523,924	60,212,571	14,230,104
Accretion - TIF Notes Payable	86,190,771	15,459,290	-	101,650,061	-
	173,624,978	16,125,747	12,813,745	176,936,980	14,377,199
Business-Type Activities					
Compensated Absences	9,475	7,944	15,888	1,531	306
Installment Contracts	18,039	-	4,108	13,931	4,365
General Obligation Bonds	-	8,290,000	-	8,290,000	-
Loans Payable	14,320,000	-	14,320,000	-	-
	14,347,514	8,297,944	14,339,996	8,305,462	4,671

For the governmental activities, the compensated absences and net other postemployment benefit obligation are generally liquidated by the General Fund. The General Fund and Special Service Area Fund make payments on the installment contracts. Payments on the general obligation bonds and general obligation capital appreciation bonds are made by Debt Service Fund. The Deer Run TIF Fund makes payments on TIF Notes Payable. For business-type activities, compensated absences are liquidated by the Water and Sewer Fund. The Water and Sewer Fund makes payments on the installment contracts and general obligation bonds.

LONG-TERM DEBT – Continued

Defeased Debt

On October 10, 2010, the Village issued \$3,790,000 par value General Obligation Refunding Bonds of 2010A to refund \$3,535,000 of the Department of Commerce and Economic Opportunity loan payable. In addition, on July 21, 2010, the Village issued \$4,500,000 par value General Obligation Refunding Bonds of 2010B to refund \$4,447,000 of the Department of Commerce and Economic Opportunity loan payable. The Village defeased bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payment of the old bonds. Since the requirements that normally satisfy defeasance have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the government's basic financial statements. Through this refunding, the Village reduced its total debt service by \$5,641,303 and obtained an economic gain of \$3,198,807.

In prior years the government defeased general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Since the requirements which normally satisfy defeasance have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the government's basic financial statements. Defeased bonds of \$205,000 remain outstanding as of the date of this report.

Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides that the General Assembly may limit the amount and require referenda for approval of debt payable from ad valorem property taxes in excess of one percent of assessed valuation. However, no such statute has been enacted as of this date. Therefore, as a home rule municipality, the Village of Elwood, Illinois has no debt limit.

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. These risks are provided for through insurance from private insurance companies. The Village currently reports all its risk management activities in the General Fund and Water and Sewer Fund. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements **April 30, 2011**

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

The Village contributes to one defined benefit pension plan, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly.

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The District is required to contribute at an actuarially determined rate. The employer rate for calendar year 2010 was 9.94 percent.

Funding Policy and Annual Pension Cost

For April 30, 2011, the Village's annual pension cost of \$98,163 was equal to the Village's required and actual contributions. The required contribution was determined as part of the December 31, 2008 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), (b) projected salary increases ranging from 0.4% to 10.0% per year, and (c) 3.0% per year cost-of-living adjustments. Both (a) and (b) included an inflation component of 4.0%. The actuarial value of IMRF assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. IMRF's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a open basis. The remaining amortization period at December 31, 2010 was 30 years.

Funded Status and Funding Progress

The Village's IMRF funded status for the current year and related information for the plan is as follows:

Actuarial Valuation Date	12/31/10
Percent Funded	67.38%
Actuarial Accrued Liability for Benefits	\$858,610
Actuarial Value of Assets	\$578,550
Over (Under) Funded Actuarial Accrued Liability (UAAL)	(\$280,060)
Covered Payroll (Annual Payroll of Active Employees Covered by the Plan)	\$987,555
Ratio of UAAL to Covered Payroll	28.36%

The schedule of funding progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements April 30, 2011

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS

Plan Descriptions, Provisions, and Funding Policies

In addition to providing the pension benefits described, the Village provides post-employment health care insurance benefits (OPEB) for its eligible retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's General Fund.

The Village provides post-employment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the Village's retirement plans.

All health care benefits are provided through the Village's health insurance plan and HMO plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the Village's plan becomes secondary.

All retirees contribute 100% of the actuarially determined premium to the plan. For the fiscal year ending April 30, 2011 the Village had no retirees participating in the plan. Active employees do not contribute to the plan until retirement.

At April 30, 2011, membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits and Terminated Employees Entitled to Benefits but not yet Receiving Them	-
Active Employees	<u>12</u>
Total	<u><u>12</u></u>
Participating Employers	1

The Village does not currently have a funding policy.

2011	1,373	-	0.00%	2,679

VILLAGE OF ELWOOD, ILLINOIS

Notes to the Financial Statements **April 30, 2011**

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS – Continued

Funded Status and Funding Progress

The funded status of the plan as of April 30, 2010, the date of the latest actuarial valuation, was as follows:

Actuarial Accrued Liability (AAL)	\$ 5,928
Actuarial Value of Plan Assets	-
Unfunded Actuarial Accrued Liability (UAAL)	5,928
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.00%
Covered Payroll (Active Plan Members)	1,160,548
UAAL as a Percentage of Covered Payroll	1%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the April 30, 2010 actuarial valuation the entry age actuarial cost method was used. The actuarial assumptions included a 5.0% investment rate of return, including a 3.0% inflation assumption and an initial annual healthcare cost trend rate of 8.0%, with an ultimate rate of 6.0%. The actuarial value of assets was not determined as the Village has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at April 30, 2011, was 29 years.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Schedule of Funding Progress and Employer Contributions
 - Illinois Municipal Retirement Fund (IMRF)
 - Other Post-Employment Benefit Plan
- Budgetary Comparison Schedule – General Fund

Notes to the Required Supplementary Information

Budgetary Information – Budgets are adopted on a basis consistent with generally accepted accounting principles.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules – Major Governmental Funds
- Combining Statements – Nonmajor Governmental Funds
- Budgetary Comparison Schedules – Nonmajor Governmental Funds
- Budgetary Comparison Schedules – Enterprise Funds

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Motor Fuel Tax Fund

The Motor Fuel Tax Fund is used to account for the revenues received from the Village's allocation of state gasoline taxes and the expenditures for street construction and maintenance, which must be authorized by the Illinois Department of Transportation.

Park Fund

The Park Fund is used to account for revenues received from impact fees and the expenditures for park operations and improvements.

Special Service Area Fund

The Special Service Area Fund is used to account for revenues received from special service area property taxes and expenditures for maintenance within the special service area.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

DEBT SERVICE FUNDS

Debt Service Funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Deer Run Tax Increment Financing (TIF) Fund

The Deer Run Tax Increment Financing Fund is used to account for revenues received from incremental property taxes and expenditures for debt service payments related to tax increment financing bonds.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, the principal and interest on the 2005 general obligation bonds.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

Phase I Improvements Fund

The Phase I Improvements Fund is used to account for revenues received from development fees and expenditures for capital construction projects, including road construction and a new village hall facility.

Brandon/Noel Road Improvements Fund

The Brandon/Noel Road Improvements Fund is used to account for revenues and expenditures relative to the construction of road improvements.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

CAPITAL PROJECTS FUNDS – Continued

Capital Construction Bond Fund

The Capital Construction Bond Fund is used to account for revenues received from general obligation bond proceeds and expenditures for road improvements and reconstruction.

PROPRIETARY FUNDS

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

Water and Sewer Fund

The Water and Sewer Fund is used to account for revenues and expenses relative to the operation of the water and sewer utilities.

Garbage Fund

The Garbage Fund is used to account for revenues and expenses relative to the disposal of residential solid waste.

STATISTICAL SECTION (Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.

VILLAGE OF ELWOOD, ILLINOIS

Schedule of Legal Debt Margin

April 30, 2011 (Unaudited)

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides that the General Assembly may limit the amount and require referenda for approval of debt payable from ad valorem property taxes in excess of one percent of assessed valuation. However, no such statute has been enacted as of this date. Therefore, as a home rule municipality, the Village of Elwood, Illinois has no debt limit.
