## Mayor's Message....

*In last month's message I said that the NorthPoint project was not a done deal. Prior to the public meeting on April 23, I polled the board and determined that a majority of the trustees were not in favor of the project.*

*Based on that lack of support for the project, I felt there was no reason to move forward with the public hearing. We will not have a public hearing in the future unless I am instructed to do so at a public meeting, of the board of trustees, and that request is on the board agenda at a public meeting.*

*There is a process that we, as the Village, needed to follow regarding the NorthPoint project. As Mayor, I couldn't just say I didn't want to consider the project.*

*At the Board's direction, a team of Village representatives including the Village Administrator, Village Attorney, Finance Consultant and the Village Engineer met for several months with NorthPoint officials to negotiate an annexation agreement with the best possible terms for the Village. Those negotiations were completed last month. In last month's newsletter, we provided a summary of the agreement.*

*In the future it will be important for us to be involved with regional road improvements that would minimize traffic congestion and to ensure safeguards for our residents. I-80 and I-55 need additional lanes to move traffic more efficiently through the area.*

*The Illinois Department of Transportation (IDOT) recently shared with area residents their plans for the expansion of I-80 from Ridge Road in Grundy County to Harlem Avenue in Cook County. The plan calls for additional lanes and upgrading of bridges along the route.*

*Advocates for a bridge at Houbolt Road have explained that this project would have a significant impact on truck traffic moving from I-80 and I-55 to the intermodal facilities, creating safer travel through the area.*

*Other alternatives could include dedicated truck lanes, construction of an alternative interstate and specifically identified truck routes.*

*Traffic congestion and safety is a regional issue that will require the combined efforts and resources of local communities throughout Will County as well as the Illinois Department of Transportation.*

*If you have any questions, please contact me at the Village Hall at 815-423-5011.*

## Elwood/Jackson Township History Club

*The Jackson Grange Hall stood on the NW corner of Route 53 and Manhattan Road. On the NE corner was the Brown Church. The area was called Jackson Grove. It also had Brown Cemetery and Brown School. It was the place to be, until the new railroad was built west of the settlement. In 1873 the town of Elwood incorporated. The first railroad agent assigned was J.D. Elwood, so the name of the town.*

# Distracted driver campaign results in 38 citations

The Elwood Police Department announced it issued **38** citations and made **3** aggravated traffic arrests during Illinois' second annual distracted driving awareness campaign.

The increased enforcement was part of the national Dis-

tracted Driving Awareness Month effort supported by the Illinois Association of the Chiefs of Police and the Illinois Department of Transportation.

"Driver distraction is a persistent issue in the Village of Elwood and often has life-altering consequences," said Chief Fred Hayes.

"Our team dedicated 26 hours to this enforcement action, disseminated 1400 educational flyers, utilized social media along with 1340 WJOL AM radio public safety announcements, all to encourage motorists to drop it and drive."

During the one-week campaign that ran April 23-27, the Elwood Police Department issued:

- 20** electronic communication device citations or warnings
- 3** seat belt citations and warnings
- 12** other citations
- 3** suspended/revoked licenses arrests

"Distracted Driving Awareness Month may be over, but the Elwood Police Department will continue working to
