## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### FUSC Change

The Federal Universal Service Charge (FUSC) is a Verizon Wireless charge that is subject to change each calendar quarter based on contribution rates prescribed by the FCC. On April 1, the FUSC changed to 4.41 percent of assessable wireless charges, other than separately billed interstate and international telecom charges. The FUSC on separately billed interstate and international telecom charges changed to 17.4 percent. For more details, please call 888.684.1888.

## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy service. You should not pay pre-bankruptcy amounts; they are for your information only. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

### Important Information Regarding Your Customer Agreement

Verizon Wireless is updating provisions of your Customer Agreement. We have reorganized the document, renamed some section heads, and deleted provisions that no longer apply. The "How do I resolve disputes with Verizon Wireless?" section has been updated to clarify how Arbitration fees are reimbursed. In the "How can I prevent unintended charges on my bill?" section, we clarified that we do not support calls to certain premium rate numbers. In the "Billing and Payments" section, we specified that Prepaid customers may have their replenishment account balances applied to any amounts you may owe us due to reversal of earlier replenishment payments. To view the updates and a complete copy of your revised Customer Agreement, please go to [verizonwireless.com](http://verizonwireless.com).

## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy service. You should not pay pre-bankruptcy amounts; they are for your information only. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

### Late Fee Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law.

### FUSC Change

The Federal Universal Service Charge (FUSC) is a Verizon Wireless charge that is subject to change each calendar quarter based on contribution rates prescribed by the FCC. On July 1, the FUSC changed to 4.5% percent of assessable wireless charges, other than separately billed interstate and international telecom charges. The FUSC on separately billed interstate and international telecom charges changed to 17.1% percent. For more details, please call 1-888-684-1888.

### Important Notice About M2M/IoT Services

Thank you for choosing Verizon. We want to make you aware of upcoming changes that may affect your M2M/IoT devices.

Due to technology advancements like 4G LTE and now Verizon's next generation network, 4G LTE Advanced, Verizon is preparing to retire its CDMA network. These changes are expected to occur as early as December 31, 2019. In addition, Verizon will no longer activate devices that are not 4G LTE capable after June 30, 2018.

There are multiple 4G LTE options to choose from, including new Category-1 and Category-M1 choices. These industry-leading, cost-competitive, advanced technologies enable the development of next generation solutions on the 4G LTE network.

We look forward to helping you find the right solutions to meet your business needs. Please contact your Verizon Wireless Account Manager or visit [verizonenterprise.com/iot-device-support](http://verizonenterprise.com/iot-device-support) for more information regarding these changes.

THE UNITED STATES OF AMERICA  
DISTRICT COURT OF THE DISTRICT OF COLUMBIA

IN RE: [Name Redacted] Debtor  
[Name Redacted] Plaintiff  
vs.  
[Name Redacted] Defendant

Case No. [Number Redacted]

Before the Court is the Plaintiff's Motion for Summary Judgment. The Plaintiff seeks summary judgment on its claim for [claim description]. The Defendant opposes the motion, claiming that there are material facts in dispute that require a trial.

The Plaintiff's Motion is based on the following grounds:

1. The Defendant's conduct was negligent.

2. The Defendant's conduct was intentional.

3. The Defendant's conduct was reckless.

4. The Defendant's conduct was fraudulent.

5. The Defendant's conduct was in violation of the [statute/case law].

The Plaintiff argues that the Defendant's conduct was negligent because the Defendant failed to exercise reasonable care in [description of conduct]. The Plaintiff argues that the Defendant's conduct was intentional because the Defendant acted with the purpose or knowledge that its conduct would cause harm to the Plaintiff. The Plaintiff argues that the Defendant's conduct was reckless because the Defendant acted with a conscious disregard for the safety of others. The Plaintiff argues that the Defendant's conduct was fraudulent because the Defendant made false statements to the Plaintiff with the intent to defraud the Plaintiff. The Plaintiff argues that the Defendant's conduct was in violation of the [statute/case law] because the Defendant's conduct was in violation of the [statute/case law].

The Defendant opposes the Plaintiff's Motion, claiming that there are material facts in dispute that require a trial. The Defendant claims that the Plaintiff's Motion is based on speculation and conjecture, and that the Plaintiff has failed to provide sufficient evidence to support its claims. The Defendant claims that the Plaintiff's Motion is based on the Defendant's conduct, and that the Plaintiff has failed to provide sufficient evidence to support its claims. The Defendant claims that the Plaintiff's Motion is based on the Defendant's conduct, and that the Plaintiff has failed to provide sufficient evidence to support its claims.

The Court has reviewed the Plaintiff's Motion and the Defendant's opposition. The Court finds that the Plaintiff's Motion is based on sufficient evidence to support its claims. The Court finds that the Defendant's conduct was negligent, intentional, reckless, fraudulent, and in violation of the [statute/case law]. The Court grants the Plaintiff's Motion for Summary Judgment.

## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy service. You should not pay pre-bankruptcy amounts; they are for your information only. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

1. The first part of the story, from the beginning to the end of the first chapter, is a very important part of the story. It sets the scene and introduces the main characters. The author uses a lot of descriptive language to create a vivid picture of the setting and the people involved. This part of the story is crucial for understanding the rest of the plot.

2. In the second part of the story, the main conflict is introduced. The characters are faced with a difficult situation that tests their values and beliefs. The author uses a lot of dialogue and internal monologue to show how the characters are dealing with the situation. This part of the story is the most interesting and suspenseful part of the story.

3. The third part of the story is the climax, where the conflict reaches its peak. The characters are faced with a difficult choice that will determine the outcome of the story. The author uses a lot of dramatic language to create a sense of tension and excitement. This part of the story is the most important part of the story.

4. The fourth part of the story is the resolution, where the conflict is resolved and the characters are shown in a new light. The author uses a lot of reflective language to show how the characters have grown and changed. This part of the story is the most satisfying part of the story.

## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy service. You should not pay pre-bankruptcy amounts; they are for your information only. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

### Late Fee Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law.

## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy service. You should not pay pre-bankruptcy amounts; they are for your information only. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

### Late Fee Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law.

### FUSC Change

The Federal Universal Service Charge (FUSC) is a Verizon Wireless charge that is subject to change each calendar quarter based on contribution rates prescribed by the FCC. On October 1, the FUSC increased 4.82% percent of assessable wireless charges, other than separately billed interstate and international telecom charges. The FUSC on separately billed interstate and international telecom charges increased 18.8% percent. For more details, please call 888.684.1888.

Wiederholungsprüfung

Prüfung in der Fachrichtung  
Technische Mechanik

Prüfungstermin: 19.05.2024

Aufgabenstellung		Punkte	
1. Ein Balken ist an einem festen Einspannungsende A eingespannt und ist über seine gesamte Länge mit einer gleichmäßig verteilten Last $q$ belastet. Die Balkenlänge beträgt $L$ . Berechnen Sie das Biegemoment $M(x)$ und die Querkraft $Q(x)$ in Abhängigkeit von der Position $x$ entlang des Balkens.		10 Punkte	
2. Ein zylindrischer Stab mit dem Durchmesser $d$ ist einer Torsion ausgesetzt. Die Torsionsmomentenverteilung ist linear über die Länge $L$ des Stabes. Berechnen Sie das Torsionsmoment $T(x)$ in Abhängigkeit von der Position $x$ entlang des Stabes.		10 Punkte	
3. Ein Balken ist an einem festen Einspannungsende A eingespannt und ist über seine gesamte Länge mit einer gleichmäßig verteilten Last $q$ belastet. Die Balkenlänge beträgt $L$ . Berechnen Sie die maximale Biegelage $w_{max}$ des Balkens.		10 Punkte	
4. Ein zylindrischer Stab mit dem Durchmesser $d$ ist einer Torsion ausgesetzt. Die Torsionsmomentenverteilung ist linear über die Länge $L$ des Stabes. Berechnen Sie die maximale Torsionswinkelverformung $\phi_{max}$ des Stabes.		10 Punkte	
5. Ein Balken ist an einem festen Einspannungsende A eingespannt und ist über seine gesamte Länge mit einer gleichmäßig verteilten Last $q$ belastet. Die Balkenlänge beträgt $L$ . Berechnen Sie die maximale Querkraft $Q_{max}$ des Balkens.		10 Punkte

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in all financial dealings.

2. The second part of the document outlines the specific procedures and protocols that must be followed when conducting financial transactions. This includes the use of standardized forms and the requirement for proper authorization and documentation.

3. The third part of the document provides a detailed overview of the various financial systems and tools that are used to manage and track transactions. It highlights the importance of using reliable and secure technology to ensure the integrity of the data.

4. The fourth part of the document discusses the role of the finance department in ensuring compliance with all applicable laws and regulations. It stresses the need for ongoing monitoring and reporting to prevent any potential issues or violations.

5. The fifth part of the document provides a summary of the key findings and recommendations from the audit. It identifies areas for improvement and provides specific suggestions for how the organization can enhance its financial controls and processes.

## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy service. You should not pay pre-bankruptcy amounts; they are for your information only. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

### Late Fee Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law.

### Important Information Regarding Your M2M/IoT Devices

Verizon has announced its plans to retire its CDMA network (1x/EVDO, 2G/3G) on December 31, 2019. In addition, we announced that after June 30, 2018, we will no longer activate NEW devices on our CDMA network. HOWEVER, we will continue to support the following account services through July 1, 2019:

#### **Device ID Change, MDN Change, Price Plan Change, Suspend and Resume, and Re-activate MDN.**

Because you have M2M/IoT devices using the CDMA network, we are notifying you. It is important that you begin your planning to move to a 4G LTE solution.

We have the experts and experience to help you manage this important technology upgrade with the least impact to your business. To upgrade your M2M/IoT devices to 4G LTE solutions, please contact your Verizon Wireless Account Manager for assistance or visit <http://www.verizonenterprise.com/iot-device-support> for more information regarding these changes.

## Need-to-Know Information

### Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

### Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy service. You should not pay pre-bankruptcy amounts; they are for your information only. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

### Late Fee Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law.

### FUSC Change

The Federal Universal Service Charge (FUSC) is a Verizon Wireless charge that is subject to change each calendar quarter based on contribution rates prescribed by the FCC. On January 1, 2018 the FUSC changed to 19.5% of assessable interstate and international wireless charges. For more details, please call 888.684.1888.

### Important Bill Due Date Information

Verizon is standardizing the number of days to pay your bill. Beginning with your bill with a January bill date, your payment will be due 3 days earlier than it is today. This change will only affect the amount of time you have to pay your bill and will not change your billing cycle or billed charges.

### Important Next Steps

What you need to do depends on how you pay your bill:

**Verizon AutoPay** - Please update your auto payment with the new due date. You can change your payment settlement from MyVerizon.

**Online banking** - Update your new due date with your bank.

**Check or payment service** - Make your payment as usual on or before your new payment due date.

### Important Information Regarding Your M2M/IoT Devices

Verizon has announced its plans to retire its CDMA network (1x/EVDO, 2G/3G) on December 31, 2019. In addition, we announced that after June 30, 2018, we will no longer activate NEW devices on our CDMA network. HOWEVER, we will continue to support the following account services through July 1, 2019:

#### **Device ID Change, MDN Change, Price Plan Change, Suspend and Resume, and Re-activate MDN.**

Because you have M2M/IoT devices using the CDMA network, we are notifying you. It is important that you begin your planning to move to a 4G LTE solution.

We have the experts and experience to help you manage this important technology upgrade with the least impact to your business. To upgrade your M2M/IoT devices to 4G LTE solutions, please contact your Verizon Wireless Account Manager for assistance or visit <http://www.verizonenterprise.com/iot-device-support> for more information regarding these changes.
